Teaching Opportunities

Thank you for your interest in becoming a part of what God is doing here in Nicaragua! We are already in prayer for the next set of teachers that will be joining us. It is awesome to see how God continues to provide solid Christian teachers for our school each year, and we fully trust Him to continue to faithfully lead the work that He has begun in Nicaragua.

— Liam Starkenburg, Director

Faculty: All of NCA's 35 teachers and administrators profess a personal relationship with Jesus Christ and have an average of 14.7 years of educational experience. All of our faculty have a bachelor's degree; 17 percent have master's degrees; most are teaching in their area of certification.

Students: The school has a current enrollment of 290 students in grades Pre-K through 12. 55 percent of our students are Nicaraguan, 30 percent are North American, 10 percent are South Korean, and the rest represent 9 other countries in Central America and around the world. Class sizes are limited to 18-22 students, providing for individual attention for each student. 95 percent of our graduates go on to college; about 70% go to the U.S.

NCA is an evangelical, non-denominational, non-profit K-12 school. Founded in 1991, NCA has dual U.S. accreditation with the Association of Christian Schools International (ACSI) and the Southern Association of Colleges and Schools (SACS). It is our mission to equip children of Christian parents with the spiritual discernment, the moral courage and the academic excellence to impact society through Christian living motivated by a heartfelt love for God.

Mission

❶ Educate Missionary Kids.

33% of our students are MK's (Missionary Kids). It is our desire that they will gain a cultural understanding of their host country and a passion for mission work, in Nicaragua and around the world. Without the educational opportunities offered by NCA, it would be difficult or impossible for many of the missionaries to carry out the full-time ministries to which God has called them in Nicaragua.

❷ Train Up Future Leaders.

Nicaragua is in desperate need of moral leadership. For hundreds of years, Nicaragua's leaders have made decisions out of a desire for personal gain and have lacked moral integrity, commitment to social justice, and compassion toward their people, resulting in widespread poverty and corruption. 55% of NCA students are Nicaraguan and will be future leaders in their country. Our vision is to give them hope and a resolution to make a difference in their country. Until our leaders are committed to servant leadership based on God's word, the economic situation of the poor in Nicaragua will not improve.
