How You Can Get Involved

The Sponsorship Program

Today, NCA Nejapa has grown to a size of over 325 students and 20 teachers. Approximately 20% of our students are receiving financial aid in the form of sponsorship. Their families pay a small amount for tuition and most also cover the cost of school supplies and uniform, although these are included for some sponsored families depending on their need.

Your Responsibility

We ask that sponsors consider giving \$600 each year for their sponsored child. Donations are tax-deductible when given through ACSI (Association of Christian Schools International).

Our Commitment

Sponsors will receive:

- ⇒ 4x6 photo of child each year
- ⇒ Personal communication from child
- ⇒ Report cards twice each year
- ⇒ Tax-deductible receipts

Education in Nicaragua

The Problem: Recent statistics reveal that the public school system in Nicaragua only invests between \$54 and \$82 per child each year (compared with \$6,000-\$12,000 in the U.S.). Many teachers are underpaid and undertrained. Many schools are overcrowded with 50 or 60 students in each classroom. Of the 2 million school-aged children in Nicaragua, only 1.6 million are studying. The level of education in many schools is very low and does not often teach higher-level thinking skills, resorting instead to rote memorization.

The Need: There are many who dream of having their children study in a better school but whose economic situations prevent them from enrolling. NCA Nejapa offers children the academics and Christian foundation that are essential in forming future leaders in a country that is desperate for moral leadership.
